## INVESTMENT

Congratulations, you're one step closer on the decision to purchase an inground swimming pool. Your investment is something that will pay dividends for many years to come!

## SECURITY

Now it's time for the ultimate investment - an investment in your family's security. It is the most important consideration when owning a swimming pool.

## PEACE-OF-MIND

The Three-Sixty-Five system from Automatic Pool Covers, Inc. provides safety and peace-of-mind as well as creating aesthetic beauty. Our product makes maintenance a breeze and saves you money over time.

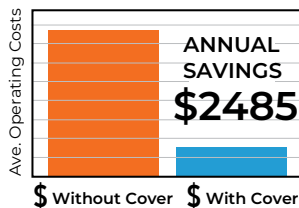

# SAVES YOU MONEY EVERY YEAR

A study by the U.S. Department of Energy has found that heat loss is dramatically decreased with the use of a pool cover. Depending on your geographical location, the savings could be significant throughout each swimming season. On average, you'll recuperate your investment in just a few years.
